

NETWORKING

Creating a group of acquaintances and associates and keeping it active through regular communication for mutual benefit. Networking is based on the question "How can I help?" and not with "What can I get?" Read more: <http://www.businessdictionary.com/definition/networking.html>

Network profile

AGROWEBCEE.NET

Agriculture Related Information

AgroWeb international network has been established by organizations and individuals involved in agricultural and rural development in Central and Eastern Europe (CEE). Participants started to join the countries of the European union, Balkan region, New Independent States, Baltic states, Caucasus region and Central Asia in the network of agricultural information. develop a collaborative network, in view of the lack of information on the Internet about agricultural topics in the region in 1998.

OUR VISION

Join the countries of European union, the Balkan region, New Independent States, Baltic states, Caucasus region, Central Asia into agricultural network.

OUR MISSION

Establish communication platform for the countries, subnetworks, NGOs, institutions and individuals.
